( CORPORATE SOCIAL RESPONSIBILITY )

## TELANGANA STATE

A great nation is made by great citizens and Great citizens are made by great Educational Institutions.

Hon'ble Chief Minister of Telangana, Shri Kalvakuntla Chandrashekar Rao has dreamt of transforming the newly formed state into "Bangaru Telangana" and has envisioned and executed various projects for supporting socio-economic development extensively. He worked for the benefit of all sections of the society. Inspired by his vision and as part of Aurobindo Pharma a part of its Corporate Social Responsibility, We Aurobindo Pharma has constructed a brand new degree college with all the modern amenities at Patancheru to encourage higher education among the youth. We believe that it is of paramount importance that colleges are provided with both physical and human infrastructure for optimum learning. Students should feel very secure when they go to college for their education under a strong shelter. Therefore, more than a gift it is an investment from Aurobindo for a brighter future of our newly formed district of Sangareddy.

## A novel gift to the students of Sangareddy district

Backdrop- Students of Government degree college **Patancheru**, located at the border of Hyderabad expressed their unhappiness with regard to the dilapidated condition of their college premise which affects their learning environment to a greater extent. Recognising this as a serious issue, Aurobindo Pharma, as a part of its corporate social responsibility constructed a spacious building in the same place where the existing college was situated and resumed student's confidence in studies.

THEN

## HIGHLIGHTS OF NEW BUILDING

No. of classrooms: 27  
 Computer laboratories  
 Library and Science laboratories  
 Latest glass boards and benches  
 Cafeteria and ladies waiting room  
 Toilets attached to staff rooms  
 Modern rest rooms to boys and girls  
 Manjeera water supply and underground water storage tank

NOW

### NEW GOVERNMENT DEGREE COLLEGE - PATANCHERU

Construction area: 40,000 S.ft (G+3) / Construction time: 15 months

Contributed by **Aurobindo Pharma** for construction of building: Rs. 4 crores  
 given by **Aurobindo Pharma** for furniture : Rs. 30 lakhs

Spacious Hall

Latest Benches

Washroom

## EQUIPPED WITH ALL FACILITIES

"Earlier, we were very reluctant to go to the college as it did not have proper lighting. Around 300 of us used to adjust in 4 rooms and used to feel very uncomfortable. Many students dropped out due to issues aforementioned. We are very fortunate that Aurobindo Pharma has constructed this building for us. Rest rooms for girls, computer labs and glass boards are pleasing. We thank Telangana government for allocating land for this work."

- Revathi (B.Sc), Sridevi (B.Com) and Kavitha (B.A.)

The professional standards that the college exemplifies have got the students excited - a welcome sign! Students are thankful to the front-runners of this change- Telangana government (for providing the land) and Aurobindo Pharma for taking up the construction work in a professional and expeditious manner. While books and teachers are a part of education system, other facilities needs to be available on demand for a good learning environment. Good infrastructure is very much required inexorable for higher achievements. Parents will be keen to get their children join in institutes that have good infrastructural facilities.

Boys and girls in **Patancheru** of Sangareddy district always struggled for their education with no proper degree college.

There was only a single collage serving the need of thousands of higher education aspirants that too with no proper facilities. The collage doesn't have a well-equipped library and laboratory. The basic sanitation facilities of clean and separate toilets for boys and girls and safe drinking water were also not satisfactory. The benches and flooring were damaged. Due to inadequate facilities, the enrollment never increased shoots up in the collage.

#### SUPPORT FROM AUROBINDO

**Aurobindo Pharma** recognising the problems of students from Patancheru took the initiative of constructing a four storey building with all the required facilities as a part of their corporate social responsibility.

The land was provided by the Telangana government, Aurobindo Pharma constructed the new college building in the built-up area of 40,000 sft. The building boasts of a strong boundary wall, spacious class rooms that can accommodate 1600 students in total. The additional facilities like Computer lab, Science laboratories, parking lots, separate toilet facilities for girls and boys and teaching staff are provided in the collage as a gift to the new Sangareddy district by **Aurobindo Pharma**

#### "COLLEGE LOOKS GREAT"

"It was very hard to be seated in a congested room s in the old building. Girls were uncomfortable with no proper rest room facilities. We are very happy with this building constructed by Aurobindo Pharma. Now, this is the only college with all facilities in the entire district. Spacious classrooms and laboratories are motivating us to learn well" said **Parveen and Fathima of B.Sc. 1st year.**

#### EXPANSION OF SCOPE WITH MODERN CONVENIENCES

Krishna Kumar, a lecturer, narrated- There were 375 students in the old college building. Now, more number of children are ready to join in this new spacious building, constructed by Aurobindo Pharma. The strength may go up to 1000 now. With laboratory and library facilities in place, we can offer better teaching services. This is the first well equipped college in the surrounding areas. Students who were disappointed with the existing unorganised infrastructure are now extremely pleased. This college is a noble gift to the newly formed Sangareddy district by **Aurobindo Pharma**

#### MODERN AMENITIES

Krishna, Swamy, Sreenu and Siva, residents of Patancheru, expressed- "We had to send our children far away for their education as there was no proper college here. Today we are very happy with the construction of this well facilitated building. We never dreamt of a government degree college being so high with amenities. Attracted to the modern facilities, children from near by places are showing interest to join. We owe to Aurobindo Pharma and Telangana Government for this useful contribution".

**Amount given by Aurobindo Pharma Ltd.**

# Purified Water

Water treasure  
at every door

*“Along side a day’s long domestic work, walking quite a considerable distance to fetch drinking water is really an additional pain to the women folk. Aurobindopharma has initiated a water plant in our village and started supplying ‘any time water’. Inserting the allotted card into the machine will allow the water flow down into the pot. This is very helpful in saving our time and energy.”*

*- Batlapalli Rajita, Sarpanch,  
Mundrayi*

Hardships in life pave way to new thoughts. A person always keeps exploring ways to combat with adversities. Determined mind and ability to work hard will lead to success in any big task.

Aurobindo pharma came forward to provide drinking water facility to the village **Mundrayi** in **Nangunuru mandal** of Siddipet district, which was otherwise suffering from depleted ground water and drinking water deficits. People were struggling with unemployment problem as well. Aurobindo's intervention in such a situation was a boon to the village.

Pure water to every residence

Noticing that the inhabitants suffered from diseases such as diarrhoea by drinking impure water, village sarpanch, Rajitha approached Aurobindo pharma for a solution to safeguard her village from this problem. While the village panchayat allocated required land to construct an RO plant, Aurobindo pharma given Rs 10 lakhs for purchase of the machinery. Bringing actions to her thoughts, the sarpanch proved, 'where there is a will there is a way'.

As a result, villagers are now getting 20 litres of pure water just for Rs 3. Every family uses 40 litres of water a day.

The effluent water has been used effectively by diverting towards irrigation for greenery grown in the village as a part of state government's 'Harithaharam' program.

Installed & Commissioned 3 RO Water Plants total ( 3000 LPH) with SS tanks along with all accessories at Central Prison, Cherlapally, Hyderabad.

**For Whom:** Central Jail, Cherlapally.

*- People of Borapatla, Medak dist*

**Total Beneficiaries:** Entire Borapatla Village.

**Amount given by Aurobindo Pharma Ltd**

## IMPROVEMENT IN SANITATION AND HYGIENE

The main objective under this intervention is to make the village Open Defecation Free (ODF) by ensuring every household will have Individual House Hold Latrines (IHHL) and awareness on the usage and advantages of using IHHL.

According to the base line survey conducted by APMAS in February, 2016, 63% of the total households in Borapatla were having individual toilets. The remaining 37% households were mainly from SC colony and other Below Poverty Line households. Out of these remaining 220 households from 578 households, 71 households have constructed the toilets without taking any sanctions under any government schemes. The remaining 149 households were facilitated and encouraged by MAS to build individual toilets for a healthy living and as a result 35 new toilets were constructed by the villagers. The rest of the toilets are under process and will be completed by the end of this year.

# Orphans

*“We are very delighted at the infrastructural facilities here- a good building, a library that has a store of CDs and books to provide entertainment and education to us. Experiencing the love and affection here, we do not miss our parents.”*

## Digital learning

Saying that they are very happy with the additional facilities provided by *Aurobindo Pharma* in their school, students of government school in Pydibhimavaram of Srikakulam district, Haritha and Pavani told, "We now get a chance to learn computer technologies with a digital classroom and library facility offered by Aurobindo pharma. We are resting with an assured protection given by the huge compound wall built by the company. We are very thankful for the company's efforts towards rural education."

## School dropouts reduced

*“There are no sufficient teachers for primary schools. We are appointed as ‘vidya volunteers’ with the objective of providing education to small kids. We are investing our efforts on par with regular teachers. Number of school drop outs has gone down”. Said Venkataramanamma and Vidyavathi from Varisam of Ranasthalamandal. (Srikakulam District)*

### PROGRAMME

Salaries are being Paid to 23 persons of Vidya Volunteers in various government Schools located in Andhra Pradesh State.

### PLACE

Various Government schools, Srikakulam Dist. A.P.

# Education

## Digital Classroom

*Sravani, Jhansi, Vamsi and Ramu, students of Nimmada, Kota Bommali mandal, Srikakulam district were very happy with the digital classroom's in their school. They were unhappy before Aurobindo attended to their basic needs. They said they were 366 in total, but no sufficient benches and even toilets. "Now, Aurobindo has provided benches for our seating arrangement, built toilets and also helped with digital classrooms for learning technology related lessons".*

  
AUROBINDO

**Towards Promoting Education** constructed school building (conference hall) in KASPA Municipal high school and to renovate and rebuild one collapsed class room in municipal high school, cantonment area in Vizianagaram, Andhra Pradesh State. These class rooms were constructed by YDO Net Work (Youth Development Organisation an NGO located at Vizianagaram District, AP.

**For Whom:** To Provide education for the poor students hailing from underprivileged families.

**Place:** *Vizianagaram* District.

**Present after Aurobindo's contribution :** Students and Parents are happy to have this New School Building.

**Amount given by Aurobindo Pharma Ltd.**

## Students' Auditorium

"There are 1270 students in this school. There is no auditorium in this big campus. Aurobindopharma helped students with the construction of auditorium. We run digital classes and other meetings in this auditorium. This is very convenient to run special classes for students". Told Appalanayudu (Headmaster), Chitti Rami Naidu and Janardhan Rao (teachers) of Municipal High school (Vijayanagaram district).

## PROGRAMME

Development of “Aurobindo Pharma Geriatric Eye Care Centre” at GMR Varalakshmi Campus of L V Prasad Eye Institute,

**PLACE** Visakhapatnam

**Towards Promoting Health, Aurobindo has given amount towards Development of “Aurobindo Pharma Geriatric Eye Care Centre” at GMR Varalakshmi Campus of L V Prasad Eye Institute, Visakhapatnam District, Andhra Pradesh.**

**For Whom:** For Senior Citizens from Poor families covering all districts of Northern Andhra Pradesh and neighbouring Odisha State.

**Place :** Visakhapatnam

**Problem:** No proper Eye Care Centre for elderly persons and they used to go to other places for their Eye care treatment, and there was a risk of visual impairment due to chronic eye diseases and ageing processes.

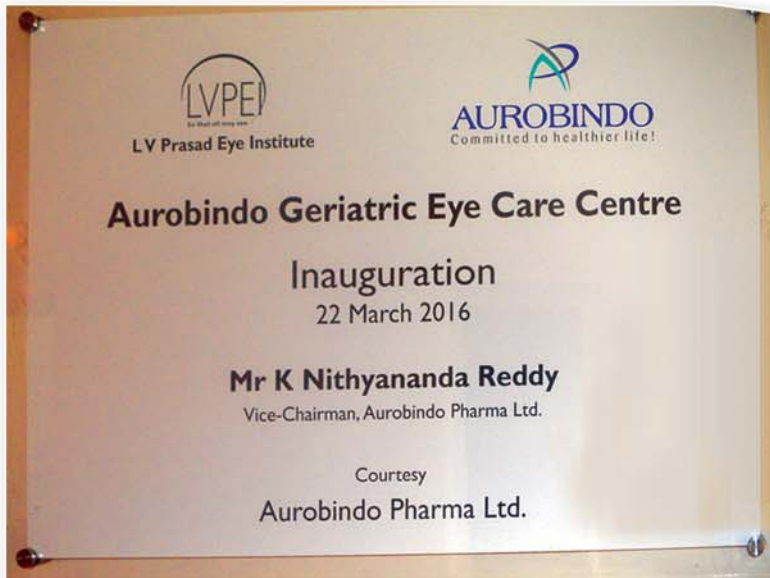

**Past:** There is no centre anywhere in the world, focused exclusively on the elderly population. The

idea behind this centre is to create a “Model Centre” for the eye care needs of Elderly population.

**Present after Aurobindo contribution:** This eye care centre covers both diagnosis and treatment (medical and Surgical) such as glaucoma, diabetic retinopathy and age related macular degeneration. All these who are economically underprivileged will receive treatment for free of cost.

**Total Beneficiaries:** Many Elderly people from underprivileged families.

**Amount given by Aurobindo Pharma Ltd.**

*A support for advanced medical treatment*  
*Padmaja and Vijayalakshmi from Srikakulam said, "This LV Prasad eye institute provides all latest facilities for eye surgery. Patients have good waiting rooms. Greenery around the hospital gives a pleasing look. With Aurobindo's support for latest and advanced equipment to LV Prasad hospital, patients are not required to depend on any other distant hospital for their eye treatment."*

## PROGRAMME

Promoting Health

# Health

## PLACE

Srikakulum district

### *In the service of patients*

*“There will be above 200 patients visiting this health centre each day. They struggle with drinking water shortage.*

*Aurobindopharma, alongside establishing RO plant, also provided a bed for surgeries. This is very helpful to villagers”.*

*Indicated Appalakondamma and T. Krishna of Pusapatirega, (Srikakulam district)*

*A nurse, Udayalakshmi from Bhogapuram (Vijayanagaram District) said, " About 300 patients visit our health centre daily. They belong to lower and middle class income groups and cannot afford to buy water bottles. The health centre did not even have toilet facilities. Aurobindopharma initiated these RO plant and toilet facilities to relieve the stress of patients".*

## **DRINKING WATER & TOILETS FOR PATIENTS**

## **DONATION FOR DR. P.V. RAMACHANDRA REDDY'S PEOPLES POLY CLINIC**

*Aurobindo has issued sophisticated medical beds, medical equipments and lift for patients at Dr. P.V. Ramachandra Reddy's peoples poly clinic, PSR Nellore District, Andhra Pradesh . Hundreds of patients visit this hospital everyday.*

# Environmental Sustainability

*Planted Trees, Erection of Cement Tree Guards & Maintenance of Plants at various Villages of Srikakulam and Visakhapatnam Districts.*

*Towards public safety purpose given Air Conditioned Ambulance, constructed fire shed and purchased fire tenders and paying monthly salaries for maintenance of the fire station.*

# Purified Water

## Water tanker in the village

**Alladapalem** (Pusapati Regamandal), Srikakulum district, residents Gaddivarapu Appayamma and P.Mahalakshmi were very thankful to Aurobindopharma for supplying drinking water through tankers. They recapped their suffering in the past. They said they were exposed to different ailments with unhygienic water previously. Now 200 families are blessed with good health and purified drinking water **supplied by Aurobindo Pharma Ltd.**

### PROGRAMME:

Aurobindo has supplying drinking water for Rural people.

### PLACE:

**Alladapalem  
Pusapati  
Regamandal,  
Srikakulam District.**

# Purified Water

## PROGRAMME:

Aurobindo has to provide drinking water facility and sanitation

## PLACE:

Pydibhimavaram, Srikakulam district

*Regular Drinking water  
“Drinking water supplied by  
Panchayat in the past was  
not so free of contamination.*

*We are now helped with  
supply of safe and purified  
water every day through the  
RO plant established by  
Aurobindo Pharma. Every  
household in our village is  
happy”, indicated  
Mahalakshmi, Nagamani,  
Devudamma and Salaapu  
Satyanarayana (Sarpanch)  
from Salapuvanipalem,  
Parawada in Visakha  
district.*

## *Improved sanitation*

*“Many households in our Saragapeta village  
do not have personal toilets. Aurobindo took  
an initiative towards construction of public  
toilets and an overhead water tank. With this,  
sanitation improved in the village and it has  
transformed into an open defecation free  
village. Drinking water problem has also been  
resolved’, cited the villagers of Saragapeta in  
Pydibhimavaram (Srikakulam District)*

*Any time water  
Anuradha from the  
Varisam village  
expressed her gratitude  
for the provision of  
drinking water by  
Aurobindo. "In our  
village, 300 families are  
living. But there is no  
drinking water facility.  
We had to travel a long  
distance to fetch water.*

*Now Aurobindo  
established an RO plant  
in our village. We get 20  
litres of water when we  
insert the card. All  
families are enjoying  
pure water now".*

## PROGRAMME:

Aurobindo has to provide R.O.  
drinking water facility

## PLACE:

Salapuvanipalem, Parawada  
in Visakha district.

*"We never knew what the  
purified drinking water would  
even look like. With  
Aurobindo's intervention of  
RO plant in the village, were  
out of risk. About 300  
families were blessed with 20  
litres of drinking water per  
day per each family. We get  
water upon inserting card in  
the machine. We express our  
sincere thanks to Aurobindo".  
Told Upender (Sarpanch),  
Dhanalakshmi and  
Bhayamma of Lankalapalem  
in Pusapatiregamandal,  
(Srikakulam district)*

*Water through pipelines*  
“Our villagers suffered due to shortage of drinking water. Aurobindo Pharma is helping us with pipelines that supply purified drinking water through taps. LED bulbs have been installed for street lighting. We thank Aurobindo Pharma for installing lights in the village and supplying drinking water to households.” Said Padmamma, Sapnamma and Demudu of Pydibhimavaram, (Srikakulam District)

*Drinking water issue resolved Sanyasamma, Durgamma, Bhaskar Reddy and Jampaiah, Mentada of Ranasthalammandal in Srikakulum district said that there are 300 households in their village. "All are concerned about the drinking water problem. The only bore well in the village does not work properly leading to a limited supply of water to each household. Our relatives hesitated to visit our homes. In this situation, Aurobindo has worked on constructing an overhead tank relieving us from the drinking water crisis. We are very thankful to them." they expressed their gratitude.*

## Purified Water

# Model Village

Aurobindo Pharma Limited, a pharmaceutical major, had adopted village- Peyyalapalem under its Corporate Social Responsibility (CSR). Mahila Abhivruddhi Society, an organisation with 15 years of varied experience in the field of development, partnered with Aurobindo Pharma Ltd to take up the task of transforming Peyyalapalem village into a model village.

Peyyalapalem is a Gram Panchayat of Kodavalur mandal in Nellore District of Andhra Pradesh. It consists of main village, BC colony and SC Colony, with a total of 292 households. The village is located 2.3 km away from Bangalore High Way (Main road). Public and private transportation facilities are available to reach the village from Nellore. The village population is mainly dependent on agriculture.

## Progress made in the first year 2016-17

- Village Development Committee (VDC): VDC was formed and is actively working in the village. It has banned the belt shops in the village and has taken up various tasks at hand to develop the infrastructure of the village.
- Improvement in School Education: Peyyalapalem Primary School now has vibrant compound wall and main gate, well repaired toilets for girls and boys separately with water connection in each toilet. The enrolment in the Govt. Primary School-Peyyalapalem has increased seeing the development in the school. The project has appointed one Education Volunteer to help students cope with the newly introduced English medium syllabus. The students were given school bags and note books.

Total Investment in school Improvement is Rs 8, 12,702

- Safe Drinking water: The villagers are enjoying the RO water facility at a very nominal cost of Rs 3 per 20 litres of can from the RO water Plant constructed in the village through the project. The RO Plant operator was also appointed by the VDC with the support of the project staff from the village. The plant is running in profits and it will be an asset for the villages in the long run.

Total investment on RO water plant is 7,00,000

- Open Defecation Free Village: The village was declared an Open Defecation Village in October, 2016 by the district administration. It was one of the biggest achievements of the project as according to a survey conducted under SMART Andhra Foundation in December 2015, only 26% of the population of the village were having individual household latrines.
