AUROBINDO PHARMA FOUNDATION

AUROBINDO
Committed to healthier life!

- ❖ **Sanitation & Swachh Bharat:** Towards providing Safe Drinking Water, Aurobindo Pharma Foundation has installed Reverse Osmosis (RO) Water Purification Plants of around 70 no's with various capacities at various places and constructed RO Water Sheds extensively. Also, it constructed overhead water tanks, Ground water tanks, laid underground pipelines for drinking water purposes and ensured supply of drinking water through water tankers across the villages. As part of Swachh Bharat- Swachh Vidyalaya, Aurobindo Pharma foundation has constructed hundreds of modern new toilets, repaired and renovated old toilets for girls and boys in various government schools, junior & degree colleges and stadiums etc., in both of the states. As part of Swachh Bharat Abhiyan, Aurobindo Pharma Foundation has supported Integrated House Hold Latrine (IHHL) scheme in various villages of the states to make Open defecation free villages (ODF). Towards the purpose of providing drinking water to public, Aurobindo Pharma Foundation has dug borewells and provided submersible motor pumps and other infrastructural accessories to various villages of the states.
- ❖ **Poverty, helping the poor Road and Public Safety:** Towards eradicating hunger and poverty, Aurobindo Pharma Foundation has funded Hare Krishna Movement Charitable Foundation and constructed a Fully Automated Kitchen with all infrastructures to cook food daily for 50,000 underprivileged people and Government school children, and also donated two food distribution vehicles. Aurobindo Pharma Foundation has provided regular free meals for 300 inpatient attendants for one year at government hospital, Sangareddy, Telangana State. Towards Public Safety purpose, Aurobindo Pharma Foundation has constructed three Fire Stations in both Telugu states, provided Fire Tenders, Ambulance and even paying salary for the staff and maintenance expenses. Aurobindo Pharma Foundation has installed CC cameras and command control rooms in various places.
- ❖ **Environmental Sustainability, Rural sports promotion, Rural Development and Animal welfare:** Towards Green Belt Development & Haritha Haram programmes, Aurobindo has provided thousands of plants, cement and plastic tree guards in various districts of Andhra Pradesh and Telangana. Donated funds for encouraging and promoting rural sports. It is also providing training to rural sports men and women in Chess, Badminton, Power lifting etc.

Poor Girijan children are being provided school education from 1st to 10th standard in one of the most draught prone districts in India, Mahaboobnagar District, Telangana State.

Nachiketha Tapovan is running a school for children of landless Girijan families at Kodgal village of Jadcherla mandal, Mahaboobnagar district. Aurobindo Pharma Foundation constructed 5 ultra modern class rooms in the school, which are useful for the development of 200 children.

Opinions

‘With an intent of providing education to the children in the backward district of Mahaboobnagar district, we are offering free education up to X class at Nachiketa Tapovan Ashram. Our aim is to enhance proficiency in English among the tribal students. With the financial support from Aurobindo Pharma Foundation, we have constructed 5 class rooms and we convey our sincere thanks to them’.

- **Swami Nachiketanda Puri**

Improving proficiency in English for poor students

“With an aim to be closer to the society, without much publicity, we are teaching the tribals students at Nachiketa Tapovan. The Swami ji, who wanted to go to Himalayas, came back to educate the children. Mataji too, with the help of Jolly Phonics software teaches them English. We are highly thankful to Aurobindo Pharma Foundation for giving assistance to such a good project.”

- **Vasundhara Reddy, Founder**

Since Aurobindo Pharma Foundation has provided funds for constructing additional rooms many more children from our Thandas are joining the school and we are able to speak in English.

A novel gift to the students of Sangareddy district

A great nation is made by great citizens and great citizens are made by great Educational Institutions.

Hon'ble Chief Minister of Telangana, Shri Kalvakuntla Chandrashekar Rao has dreamt of transforming the newly formed state into "Bangaru Telangana" and has envisioned and executed various projects for supporting socio-economic development extensively. He is working for the benefit of all sections of the society. Inspired by his vision, Aurobindo Pharma Foundation as part of its Corporate Social Responsibility, has constructed a brand new degree college with all the modern amenities at Patancheru to encourage higher education among the youth. We believe that it is of paramount importance that colleges are provided with both physical and human infrastructure for optimum learning. Students should feel very secure when they go to college for their education under a strong shelter. Therefore, more than a gift it is an investment from Aurobindo Pharma Foundation for a brighter future of our newly formed district of Sangareddy, Telangana State.

NEW GOVERNMENT DEGREE COLLEGE - PATANCHERU

Construction area: 40,000 S.ft (G+3) / Construction time: 15 months
 Contributed by **Aurobindo Pharma Foundation** for construction of building: Rs. 4 crores
 given by **Aurobindo Pharma Foundation** for furniture : Rs. 30 lakhs

Backdrop- Students of Government degree college **Patancheru**, Sangareddy District, Telangana State, located at the border of Hyderabad expressed their unhappiness with regard to the dilapidated condition of their college premise which affects their learning environment to a greater extent. Recognising this as a serious issue, Aurobindo Pharma, as a part of its corporate social responsibility constructed a spacious building in the same place where the existing college was situated and reaffirmed student's confidence in studies.

EQUIPPED WITH ALL FACILITIES

"Earlier, we were very reluctant to go to the college as it did not have proper lighting. Around 300 of us used to adjust in 4 rooms and used to feel very uncomfortable. Many students dropped out due to issues aforementioned. We are very fortunate that Aurobindo Pharma Foundation has constructed this building for us. Rest rooms for girls, computer labs and glass boards are pleasing. We thank Aurobindo Pharma Foundation for constructing ultra modern degree college.

HELPING HANDS

Helping hand to Destitute Girl Children. Ashray, an organisation located in Secunderabad is providing room (Bala Tejassu Rainbow Home) facility for the girls who live on the streets. Due to paucity of basic facilities like compound wall, water tap, drainage, kitchen, construction of two bathrooms and borewell etc., they have been facing a variety of hardships. Aurobindo Pharma Foundation has extended financial help to solve these problems.

WE ARE HAPPY

"When we were facing a set of problems in our hostel, with the financial help given by Aurobindo Pharma Foundation, we got compound wall built and got our toilets repaired. We have organised shelves to keep our valuable goods. As a result we are happily pursuing our education without any problems. 95 Destitute girl students are benefited by this shelter".

EDUCATION DEVELOPMENT

Aurobindo Pharma Foundation has been contributing to the future development of children in the surrounding villages near by our units, besides providing employment to the local youth. Students of Polepalli government school are provided with school bags and books free of cost every year under the CSR component of the company. With this support, the number of school going children has been gradually increasing year by year making the class rooms insufficient, forcing the classes to be conducted outdoors.

When this issue was taken up with Aurobindo Pharma Foundation, they agreed and constructed two additional rooms.

With the congenial atmosphere around, the number of school drop outs reduced. There is every chance for the children passing out from this school to get employed in Aurobindo Pharma Foundation later.

Macharam

Uddandapur

WATER IN EVERY HOME

Similar to many villages, Macharam and Uddandapur villages of Jadcherla mandal, Mahaboobnagar District, Telangana State. experience severe water shortage. These villagers used to go to Kishtaram and Jadcherla to buy drinking water in their own cans. Women and old people had a tough time. To help the people facing acute water shortage, Aurobindo Pharma Foundation established two RO plants at both the villages through the organisation of Bala Vikasa. As a result, 700 and 350 households in Uddandapur, Macharam villages respectively are provided with pure drinking water.

These RO plants are equipped with latest technology. Anyone who wants water can place his empty can beneath the tap and insert the water debit card in the designated place to collect water.

Pure water

Ravindra Reddy, Sridevi, Kalpana and Suvarna shared that they are blessed with pure drinking water now. They also added, "In the past, we used to walk for miles to get drinking water. With the RO plants established by Aurobindo Pharma, we now have 'any time water'. We get 20 litres for just Rs 3/-. The machine works similar to ATM, we can take water by inserting the card. We are now free from diseases like diarrhoea caused by contaminated water."

Health Protection in villages

Aurobindo Pharma Foundation organises health camps every year to safeguard the health of its employees. The company also organises health camps in the near-by villages and distributes free medicines. In Macharam village, a free medical camp was organised near Sri Lalithamba temple to help the orphans in need.

Public Safety

Aurobindo Pharma Foundation repaired and renovated Jadcherla Police Station. And also provided CCTV in Jadcherla, Mahaboobnagar district, Telangana State.

- People of Borapatla,
Sangareddy Dist., Telangana State.

IMPROVEMENT IN SANITATION AND HYGIENE

The main objective under this intervention is to make the village Open Defecation Free (ODF) by ensuring every household will have Individual House Hold Latrines (IHHL) and awareness on the usage and advantages of using IHHL.

According to the base line survey conducted by APMAS in February, 2016, 63% of the total households in Borapatla were having individual toilets. The remaining 37% households were mainly from SC colony and other Below Poverty Line households. Out of these remaining 220 households from 578 households, 190 households have constructed the toilets without taking any sanctions under any government schemes. The remaining 30 households were facilitated and encouraged by MAS to build individual toilets for a healthy living and as a result 190 new toilets were constructed by the villagers. The rest of the toilets are under process and will be completed by the end of this year.

Construction in progress for additional class rooms in Mentada village, Srikakulam District, Andhra Pradesh

CONSTRUCTED A NEW BUILDING WITH ADDITIONAL CLASS ROOMS

Though there is a government school at Varisham village (Ranasthalam Mandalam, Srikakulam district), Andhra Pradesh State it lacks spacious class rooms, and hence there was no opportunity for admitting new students. As this problem was brought to the notice of Aurobindo Pharma Foundation at Pydibhimavaram, they constructed a new building with additional class rooms.

“Due to the availability of additional class rooms, schooling for our children has been uninterrupted. We remain grateful to Aurobindo Pharma Foundation for the generous help.”

- **Raja**, Villager, Varisham, Ranasthalam Mandalam, Srikakulam District, Andhra Pradesh State.

**DIGITAL CLASS ROOMS**

SETTING UP DIGITAL CLASS ROOMS

As a part of its Corporate Social Responsibility, Aurobindo Pharma Foundation took up a project of setting up digital class rooms in government schools. Under that scheme, it provided a digital class room and a library at the Zilla Parishat high school of Ranasthalam. Besides this, it constructed a kitchen and water storage tank.

“There are about 800 students in this school, and digital class room is found very effective in teaching Mathematics and English. Their performance improved with better scoring of marks. Mid day meal is readied at the kitchen in the school. We are very thankful to Aurobindo Pharma Foundation,” says the Head Master of the school Mr. Rajakishore.

**COMPUTER LAB****SCHOOL BUILDING**

Towards Promoting Health, Aurobindo Pharma Foundation has contributed funds towards Development of “Aurobindo Geriatric Eye Care Centre” at GMR Varalakshmi Campus of L V Prasad Eye Institute, Visakhapatnam District, Andhra Pradesh.

For Whom: For Senior Citizens from poor families covering all districts of Northern Andhra Pradesh and neighbouring Odisha State.

Past : No proper Eye Care Centre for elderly persons and they used to go to other places for their Eye care treatment, and there was a risk of visual impairment due to chronic eye diseases and ageing processes.

There is no centre anywhere in the world, focused exclusively on the elderly population. The idea behind this centre is to create a “Model Centre” for the eye care needs of Elderly population.

MODERN EQUIPMENT IN EYE INSTITUTE

Present after Aurobindo Pharma Foundation's contribution: This eye care centre covers both diagnosis and treatment (medical and Surgical) such as glaucoma, diabetic retinopathy and age related macular degeneration. All those who are economically underprivileged will receive treatment for free of cost.

Total Beneficiaries: Many elderly people from underprivileged families.

A photograph of the exterior of the L.V. Prasad Eye Institute building. The building has a modern, white facade with a prominent sign that reads "L.V. Prasad Eye Institute". The building is surrounded by lush greenery, including trees and bushes. The sky is clear and blue.

SAFE DRINKING WATER FOR VILLAGERS

Sanyasamma, Durgamma, Mentada of Ranasthalam mandal in Srikakulum district, Andhra Pradesh State said that there are 300 households in their village. “All are concerned about the drinking water problem. The only bore well in the village does not work properly leading to a limited supply of water to each household. Our relatives hesitated to visit our homes. In this situation, Aurobindo Pharma Foundation has worked on constructing an overhead tank relieving us from the drinking water crisis. We are very thankful to them.” they expressed their gratitude.

WATER TANKER IN THE VILLAGE

Alladapalem, Pusapatirega mandal, Srikakulam district, Andhra Pradesh State residents Gaddivarapu Appayamma and P. Mahalakshmi were very thankful to Aurobindo Pharma Foundation for supplying drinking water through tankers. They recalled their past suffering. They said they were exposed to different ailments because of unhygienic water previously. Now 200 families are blessed with good health due to purified drinking water **supplied by Aurobindo Pharma Foundation.**

RO WATER PLANT IN VILLAGE

Aurobindo Pharma Foundation, under its Corporate Social Responsibility, commissioned a RO water plant, installed hand pumps and 40 LED streetlights at Lankapally Palem. Because of this scheme, about 150 families were benefitted.

"We used to suffer a lot because of scarcity of drinking water. We were forced to buy water at exorbitant cost. As Aurobindo Pharma Foundation donated a RO Plant, now, drinking water is always available in plenty. Because of hand pumps there is no dearth of water for domestic use.

The whole village is grateful to Aurobindo Pharma Foundation."

WATER FOR ALL

“We never knew what purified drinking water would even look like. With Aurobindo’s introduction of RO plant in the village, about 300 families were blessed with 20 litres of drinking water per day per each family. We get water upon inserting card in the machine. We express our sincere thanks to Aurobindo Pharma Foundation” told Sarpanch of Salapuvanipalem, Parawada, Visakhapatnam District, Andhra Pradesh State.

Any time water

Villagers from the Salapuvanipalem, Parawada expressed their gratitude for the provision of drinking water by Aurobindo. “In our village, 300 families are living. But there is no drinking water facility. We had to travel a long distance to fetch water. Now Aurobindo Pharma Foundation established an RO plant in our village. We get 20 litres of water when we insert the card. All families are enjoying pure water now”.

The alumni of Sainik School Korukonda (calling themselves Saikorians, set up the 'Saikorian Campus Challenge' at Pusapatirega village in Vizianagaram district, Andhra Pradesh State. It provides rehabilitation and support to the all sorts of disabled people (speech & hearing impaired, visually impaired, mentally challenged and physically challenged) and creates livelihood for them. Daily more than 200 physically challenged persons visit the centre for obtaining special skills and special education. With the grant provided by Aurobindo Pharma Foundation, provided walkers and tricycles to fifty deserving people free of cost.

"We are finding it very convenient to reach the 'Saikorian Campus Challenge' in time by using the walkers and tricycles. We are able to carry out our works very easily," said some of those who got benefited.

HELP OF SPECIAL EQUIPMENT

Aurobindo Pharma Foundation gave a financial grant to the Fire station at Ranasthalam for purchasing special equipment that opens the locked doors during any fire accidents.

“During fire accidents, we are able to effectively protect fire victims and the properties of the public with the help of special equipment that was donated by Aurobindo Pharma Foundation under their corporate social responsibility. We are very thankful to them.”

- **Appala naidu**, Fire Officer, Fire Station,
Ranasthalam, Srikakulam district,
Andhra Pradesh State.

SAFETY OF PUBLIC

Aurobindo Pharma Foundation, under its Corporate Social Responsibility, donated two fire tenders and two well equipped ambulances. The public of Srikakulam district are adequately equipped to handle emergencies.

SETTING UP A MODERN KITCHEN

Aurobindo Pharma Foundation is setting up a modern kitchen for Akshaya Patra Foundation in Srikakulam and Vizianagaram districts, Andhra Pradesh State. To cook food daily for about 35,000 students and under privileged people. Mid-day meals will be prepared and supplied from here.

“We are thankful to Aurobindo Pharma Foundation for assisting the noble cause of feeding the poor children,” - Public and District Authority, Srikakulam District, Andhra Pradesh State.

Aurobindo Pharma Foundation of pharmaceutical major, Aurobindo Pharma Limited, has adopted Peyyalapalem village in Nellore District of Andhra Pradesh State under its Corporate Social Responsibility (CSR). Mahila Abhivruddhi Society, an organisation with 15 years of varied experience in the field of development, partnered with Aurobindo Pharma Foundation to take up the task of transforming Peyyalapalem village into a model village.

Peyyalapalem is a Gram Panchayat of Kodavalur mandal in Nellore District of Andhra Pradesh. It consists of main village, BC colony and SC Colony, with a total of 292 households. The village is located 2.3 km away from Bangalore High Way (Main road). Public and private transportation facilities are available to reach the village from Nellore. The village population is mainly dependent on agriculture.

Progress made

- **Village Development Committee (VDC):** VDC was formed and is actively working in the village. It has banned the belt shops in the village and has taken up various tasks at hand to develop the infrastructure of the village.
- **Improvement in School Education:** Peyyalapalem Primary School now has vibrant compound wall and main gate, well repaired toilets for girls and boys separately with water connection in each toilet. The enrolment in the Govt. Primary School-

RURAL DEVELOPMENT IN PEYYALAPALEM

Peyyalapalem has increased after seeing the development in the school. The project has appointed one Education Volunteer to help students cope with the newly introduced English medium syllabus. The students were given school bags and note books.

- **Safe Drinking water:** The villagers are enjoying the RO water facility at a very nominal cost of Rs 3 per 20 litres of can from the RO water Plant constructed in the village through the project. The RO Plant operator was also appointed by the VDC with the support of the project staff from the village. The plant is running in profits and it will be an asset for the villages in the long run.
- **Open Defecation Free Village:** The village was declared an Open Defecation Village in October, 2016 by the district administration. It was one of the biggest achievements of the project as according to a survey conducted under SMART Andhra Foundation in December 2015, only 26% of the population of the village were having individual household latrines.

VARIOUS VILLAGES DEVELOPMENT IN ANANTHAPUR DISTRICT

After

Uravakonda area in Anantapur District, Andhra Pradesh State is a very backward village in all aspects. The villagers approached Aurobindo Pharma Foundation requesting for carrying out development works in their area. Taking into cognisance the backwardness, Aurobindo Pharma

Foundation constructed additional classrooms at the government school at Chabala village, cement roads and drainage facilities, RO plant for drinking water purpose and a few water storage tanks. It carried out all these development works through an NGO called AP Mass.

IMPROVED OUR LIVES

"We were all undergoing a lot of travails due to lack of roads, drainage facilities and shortage of drinking water. Our children's education too was affected due to insufficient classrooms. But, this was all in the past. Now, our lives have improved and we sincerely thank the Aurobindo Pharma Foundation," said the villagers.

Toilets constructed at Ch. Rajam village, Govt. school

PROVIDED TOILET FACILITIES TO VARIOUS SCHOOLS

Ch. Rajam

Children, especially girl children were used not to drink water during school time. This habit resulting health problems also. Only reason for not drinking enough water was "there was not toilets to go if anybody had urgency". Hence girl children suffered a lot.

Now children are not practicing the old habit anymore because Aurobindo Pharma Foundation constructed a toilet block in school premises for both boys & girls at Ch. Rajam, Ranasthalam Mandalam, Srikakulam district, Andhra Pradesh.

Newly constructed Toilets at Govt. school, Pydibhimavaram, Srikakulam district, Andhra Pradesh State.
